

## WW09 Workshop Schedule

### ***MBTI® and Strong Interpretation for Career/Degree Plan Decision Making\****

Overview: During this fun and interactive workshop, participants have the opportunity to take the Myers-Briggs Type Indicator® (MBTI) and validate their results with the help of a trained MBTI professional. Counselors, use this workshop to refresh your MBTI/Strong interpretation skills in order to provide meaningful career/degree planning advice to Service members. Attendance at this workshop provides for the certification necessary to administer the MBTI at military education/family service centers.

Tuesday, 28 Jul (3:15-6:45 p.m.)

Location: Marquis level, M105

Wednesday, 29 Jul (11:15 a.m.-2:45 p.m.)

Friday, 31 Jul (8-11:30 a.m.)

**\*Seats are limited and must be coordinated in advance. To schedule for the MBTI/Strong workshops, email [counseling@navy.mil](mailto:counseling@navy.mil).**

### ***DANTES/FAA On-Base Testing Center Training\****

Overview: This workshop will conveniently provide the initial, required Federal Aviation Administration (FAA) training to authorized persons in attendance at WW09, thus allowing the establishment of many more activated sites which benefit Service men and women, their dependents, civil servants, and retirees everywhere.

Target Audience: Test Control Officers (TCOs), Alternate Test Control Officers (ATCOs), Test Examiners, and technical support personnel at DANTES test sites who wish to setup and deliver or reestablish their site to administer computer-based FAA examinations via the Airman Knowledge Test Delivery (AKTD) System.

Sunday, 26 July, 1530-1730

Location: Marquis level, M108

Monday, 27 July, 1530-1730

**\*Seats are limited and must be coordinated in advance. To schedule for the FAA workshops, email [certprog@navy.mil](mailto:certprog@navy.mil) or call DANTES Credentialing at (850) 452-1111, ext. 3194 or 3213 (DSN: 922).**

### ***Pearson VUE Testing System Demonstration and Testing Center Administrator Training Workshop***

Overview: See the hands-on lab and get certified to deliver on-site CBT Professional and IT certification exams at your installation. Pearson VUE administrators and Test Center Officers (TCOs) will have an opportunity to learn from on-site Pearson VUE trainers and use the testing center lab to take the Pearson VUE Administrator exam. TCO's who are currently Pearson VUE administrators should also stop in to learn new tips to be more efficient with the Pearson VUE software and take the Pearson VUE recertification exam to become compliant with new administrator requirements.

Demonstrations of security equipment that allows TCO's to capture digital photos and digital signatures during the test center admissions process will also be available. Drop by anytime, no appointments are necessary.

Tuesday–Thursday, July 28-30, (during Exhibit & Lunch hours)

Location: Lobby level, board room L502
